Keith Torgerson

October 2007

Farm/Office Visits:

Once fall harvest is done, I will be meeting with you to review your **Goals Sheet**, fill out your **Short Term Cash Flow Projection** (Spreadsheet), update your **Finpack Balance Sheet**, review your up-to-date **Crop Data Information**, and do an **Income Tax Estimate** (for those who want one). You may call for an appointment as soon as you are ready or I will schedule you by phone at a later date.

FSA

- FSA to Issue Final 2007 Direct Payments- these will be sent soon. Most of you received 22% this spring, so this payment should represent 78% of your annual Direct Payment.
- FSA will also start disaster sign up the middle of October.

Section 179

This year the section 179 expense is **\$125,000**, up from \$108,000 last year.

Tax Template:

I e-mailed out the 2007 tax template and if you did not receive a copy and would like one, please call the office and I will get one out to you. If you want to run an estimate please give me a call. To run an estimate, you will need to get your 2007 depreciation amount from your tax preparer.

Have a Great and Safe Row Crop Harvest!
Make everyday SAFETY DAY!
