May 2008

Gentlemen Start Your Engines:

Springs work should begin in earnest as you receive this letter, unless it snows again. We always look at this time of year as a new beginning. This year is like no other year that I can remember, with record high inputs and prices. These factors makes staying current with your records and keeping a constant vigil on your cash flow and marketing plan more important than ever. Guessing will not be the answer, but having current accurate data throughout the year will *help provide you with the information needed in the decision making process. Don't get caught, Be a Manager, Stay Current and make informed Decisions!!!! This will lead to a profitable year.*

Marketing Club Meetings:

Tuesday, May 20, 7:00 am, at Pat's

Wednesday, May 21, 7:00 am, at City Centre Café Mooreton (please use back door)

Average Books:

Julie and I would like to thank all of you for your cooperation during this close-out season. If you have not received a Valley Average Book or a Region 3 Book, please feel free to call the office and I will mail one out to you as soon as possible. Julie's telephone number is 671-2174.

Have a Safe and Productive Month!!!
